MEMORANDUM FOR: Acting Director of Central Intelligence  
FROM: Director, Office of Legislative Liaison  
SUBJECT: Weekly Report

ITEMS OF INTEREST

1. Intelligence Authorization Bill

The Congress passed the Conference Report on the Intelligence Authorization bill this week and sent it to the White House.

2. Federal Retirement Legislation

The House and Senate conferees have been named to negotiate this bill. A preliminary meeting between Sen. Stevens and Rep. Ford is reported to have not gone well. They are far apart on the costs of this bill. Chances for a law this year have diminished somewhat.

3. Tax Reform

The House Ways and Means Committee has put in its tax reform bill a provision which eliminates the present front end annuitant tax exemption on employee contributions replacing it with an exemption pro-rated over the expected life of the annuitant. This could cost new annuitants a substantial front end windfall and could result in a rush of senior personnel retirements in the next two weeks. Local congressmen are gathering to fight this problem.

4. All other matters are contained in the attachment.
